- Start of Season BBQ – 13th September
- Halloween Party – 30th October £4.00. See managers for information

Welcome to a new Season

What a season the 2008/2009 season was. All age groups proving time after time that Farnborough is a force to be reckoned with.

This season will be a tough one, all age groups aim to better last season and raise the profile of the club within Hampshire and Surrey.

The coaches have been busy planning sessions to ensure players develop further.

The club website has loads of useful information – What's on, age group pages and the fixtures as well as some games for you to play. Don't forget to checkout the photo gallery - www.farnboroughrfc-mj.co.uk. The fixture lists may change so please check with your coaches.

Bring a Friend

The success of the club is within the players.

We need to ensure that every age group has the player numbers to compete effectively in matches and tournaments.

If you know of anyone who is interested in playing rugby why not bring them along one Sunday!

Ask your coach for details

Safety & Welfare

There have been some issues in the hedges that border the playing and training areas.

Please stay away from these areas.

The police and council have been informed and they are monitoring activity.

If you have any safety questions please speak to our Club Child welfare Officer - Ian Grahamslaw.

Volunteers Required

As with all clubs, we need help to run the club. This can be in many ways, coaching, help in the kitchen and other events within the club. Speak to your coach or committee member for more details.

Club Functions – Seniors – Minis & Juniors

All members of the club are invited to the club functions, posters can be seen around the club and will state if the event is child friendly or not. Please support – we are one club!

“Hampshire's Friendly Club - One club, Your club, Our Club”

Wish I could Play Rugby At Farnborough Rugby Club !
